## Asmuss Ductile Iron Fittings Nylon Coated

The Asmuss range of Ductile Iron Pipe Fittings are manufactured to AS/NZS 2280. Ductile Iron Pressure Pipe and Fittings. These are a Certified Product having been assessed by SAI Global in relation to AS/NZS 2280.

The "Five Ticks" StandardsMark product certification is a globally recognised symbol of safety and quality and demonstrates that the product and its production processes have been rigorously assessed to recognised national and international standards.

Specifying authorities are advised to require compliance with product standards to ensure the integrity of permanent works.

Asmuss Ductile Iron Pipe Fittings are supplied with a Rilsan Nylon 11 coating to AS 4158, for maximum corrosion protection.

Flanged fittings are drilled to AS4087:1996 Class 16 for DI, however other drillings are available on request.

Flanged Branch Tees marked with an 'H' are slotted and will suit a standard BS10 table D Drilling and 31/2" Hydrant.
